

Aku Paloheimo

Computer Science Student

I am excited to learn more about working life and working in large groups. I want to develop my technical knowledge and communication skills. I aspire to be a professional and trustworthy employee.

Experience

2023

Study Exchange *Singapore University of Technology and Design*

In the fall of 2023 I spent four months in Singapore on study exchange. I learned a lot about myself and I had to put all of my skills to the test.

2022–

Coach and Board Member *Aalto Tennis*

I started coaching tennis at Aalto Tennis in the spring of 2022 and continue to coach alongside my university studies. I joined the board of Aalto Tennis in the fall of 2022 and have helped organize tennis-related events for our association's members.

2021–2022

Mathematics tutor *Eezy Valmennuskeskus*

I worked as a mathematics tutor and material producer for the Economics entrance exams. I worked throughout my first year at Aalto University and continued working until the summer..

2020–2021

Second Lieutenant *Karelia Brigade*

In the summer of 2020, I started my conscript service and for a part of it I was taking part in the PsRUK257 course. After returning to the Karelian brigade, I finished my service in the Readiness Unit. In service, I learned the importance of teamwork and the basics of leadership.
