ABOUT ME

My passions lie in software development, UI/UX design, and user research.

I have gained hands on experience in these interests through my studies and working as a software developer.

I have developed leadership and teamwork skills through my military service, Aalto Tennis ry and through teaching coding to elementary school students.

CHARACTER STRENGTHS

Love of Learning
Judgement
Perseverance
Leadership

SKILLS

RESEARCH:

Interviewing
Survey Design
Technical Report Writing
Thematic Analysis

DESIGN SOLUTIONS:

Rapid Prototyping
Usability-Testing
UI & UX Design
Human-Centred Design
Persona Creation
User Journey Mapping

SOFTWARE & LANGUAGES

SOFTWARE:

Figma
Git
LaTeX
Linux
Microsoft Office

LANGUAGES:

HTML5 & CSS
JavaScript & TypeScript
Python & SQL

EDUCATION

MSc Tech AALTO UNIVERSITY

2025 – 2026

- Thesis Title: Integrating Lightweight User-Centred Design Practices into a Small Agile Software Team
- For my masters I chose the HCI track because I want to learn how to design software that is functional and easy to use. I am particularly interested in user-centred design and usability testing

Exchange Student SINGAPORE UNIVERSITY OF TECHNOLOGY AND DESIGN 2023

- Completed Courses:
 1. Foundations of Game Design & Development
 2. User Interface Design & Implementation
 3. Blockchain Technology
 4. Games of Histories

BSc Tech AALTO UNIVERSITY

2021 – 2025

- Thesis Title: Low latency live streaming protocols
- Extracurricular Activities: I was the coaching director of Aalto Tennis ry. I was responsible for recruiting and training coaches, as well as organizing coaching sessions and other activities.

EXPERIENCE

SOFTWARE DEVELOPER - BONWAL OY

2025 – PRESENT

- I am helping develop the front end for Waltti Mobile application.
- Responsibilities: designing, prototyping and developing interactions and the UI based on the client's requests.

CODING TEACHER - AIXEDU.COM

2024 – 2025

- Taught Python, AI, and LLM concepts to middle and elementary school students in an after-school program.
- I developed strong teaching and communication skills, as well as the ability to explain complex technical concepts.

TENNIS COACH - AALTO TENNIS RY

2022 – 2024

- I coached tennis to students of all ages and skill levels.
- I was responsible for planning and leading training sessions.

MATHEMATICS TUTOR - EEZY VALMENNUSKESKUS

2021 – 2022

- Developed study materials and assisted students in mathematics for business studies entrance exams.
- I learned how to balance a job with other commitments.
